

CAPILESS

Gel for capillary redness and skin irritations

soothing and strengthening

CAPILESS is a face and body gel minimizing the appearance of broken capillaries and spider veins on distressed skin.

Thanks to its composition Capiless improves the problem linked to capillary fragility by decreasing telangiectasias, erythrosis and reinforces vascular walls and improves microcirculation in veins and capillary vessels.

The virtues of safe plant concentrates in Capiless, rich in flavonoids, saponosides and procyanidols, are close to the activity of vitamin P, favouring microcirculation and strengthening vein walls.

Capiless is able to decrease the blood capillaries permeability and reinforce their resistance as well as soothing of skin.

Application :

Apply gently on clean skin twice a day for at least two weeks. Continued use recommended for best effect.

It has the following activities:

- reinforcement of capillary wall,
- anti-couperose,
- soothing,
- anti-irritating.

Against animal testing.

Note: sensitive skins test on small area first.

Ingredients :

Aqua, Alum, Arnica Montana, Aloe Barbadensis Leaf Juice, Commiphora Gileadensis, Aesculus Hyppocastanum, Lavandula Officinalis, Citrus Aurantium, Linum Usitatissimum, Propylene Glycol, Hydroxypropylmethylcellulose.
