

## LEMONOSE

**LEMONOSE** is a revolutionary purifying and astringing gel for the skin on and around the nose but also for other oil prone skin areas.

Lemonose leaves your skin clear and fresh all day long and relieves your skin from eventual oily and shiny surfaces.

With newest technology of combining lemon and other beneficial herbal purifying extracts together with Saccharmyces Ferment enzyme Lemonose leaves the skin refreshed, clarified, smoothed and completely clean without being stripped of vital moisture. Lemonose is suitable for all skin types as it balances the sebaceous function of oily, dry and combined skin by reducing the sebum flow of the oily skin and restoring the hydrolipidic film of the dry skin. By balancing the oil prone skin Lemonose soothes and tightens the pores and offers a protection against acne.

- Improves overall skin quality by enhancing skin smoothness, radiance and color.
- Decrease of skin roughness.
- Regulates Sebum secretion for oily skin.

### Application :

Apply the gel with circular movements on the face especially on the fatty areas around the nose once or twice a day.
